

## STANDARD PALETTIERUNG

**ANWENDUNG:**  
Zur Ein- und Ausgabe  
von Standard-Trays

## PROZESSABLAUF

1. Manuelle Ein- und Ausgabe Traystapel
2. Automatische Tray-Selektierung
3. Schnelles Pick & Place Teilehandling

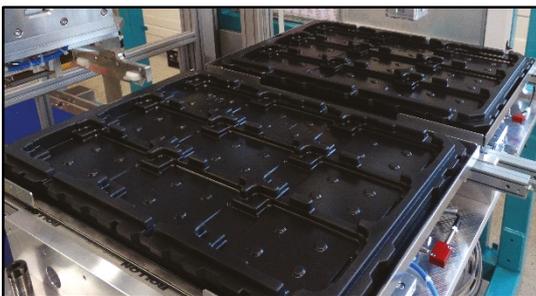

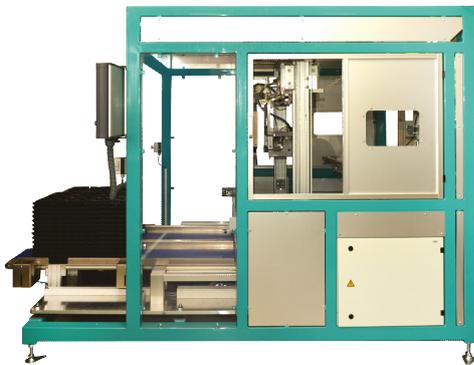

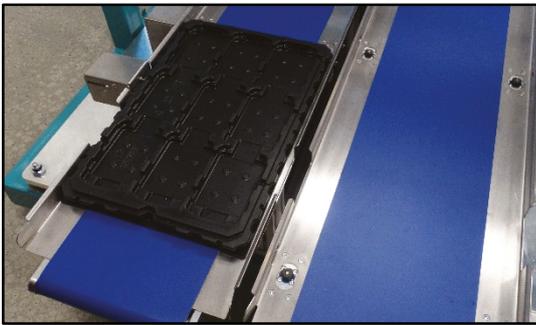

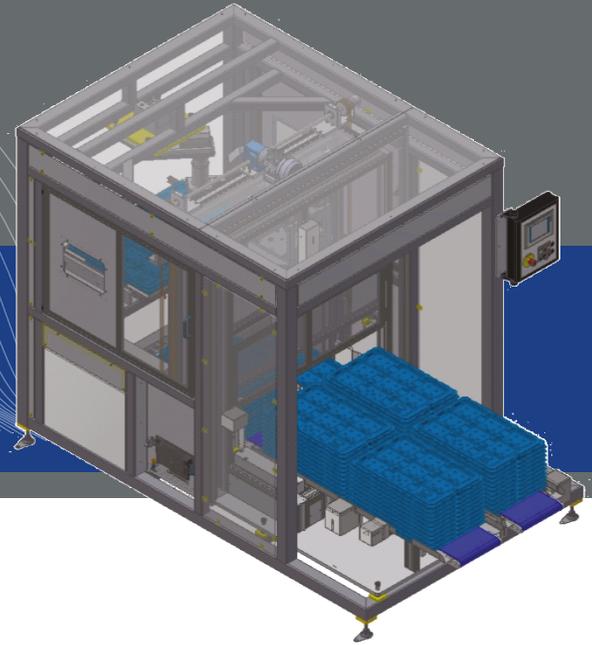

## VORTEILE

- o Erprobtes und standardisiertes Palettiersystem
- o Schnelle Amortisation
- o Erhöhung der Autonomie und Flexibilität
- o Schnelle Integration in bestehende Anlagen
- o Kein Taktzeitverlust bei Traywechsel

## STANDARD PALETTIZING

**APPLICATION:**  
for in- and output of  
standard-trays

## PROCESS PROCEDURE

1. Manual input and output tray stack
2. Automatic tray separation
3. Fast pick & place part handling

## BENEFITS

- o Proven and standardized palletizing system
- o Fast amortization
- o Increase of autonomy and flexibility
- o Fast integration into existing systems
- o No cycle time loss due to tray change
